This table converts cites to housing statutes, from new (504B), enacted in 1999 Minn. Laws Ch. 199, to old (504 and 566). 504B went into effect July 1, 1999. I suggest citing both the old and new statutes.

Keep in mind that there still are housing statutes in other chapters, such as 327C (mobile homes), 550 (real estate), 577 (other lock out statutes), 484 (housing court, expungement), and 13 (data practices of inspection departments).
